

Table 5-22. Butte County Meadowfoam Conservation Outcomes by Occurrence

Occurrence	Impacts Summary	Conservation	Outcome with BRCP
1 – Airport North	Will be indirectly affected to a small degree by planned development that is partially adjacent to the habitat that supports the occurrence.	Within the Chico BCM Preserve.	<b>Protected</b> , but with some adverse indirect effects that could reduce productivity.
2 – Airport North	Will be removed by planned development.	None.	<b>Removed</b> and replaced with permanent development.
3 – Airport West	Will be indirectly affected by planned development that is partially adjacent to the habitat that supports the occurrence.	Within the Chico BCM Preserve.	<b>Protected</b> , but with some adverse indirect effects that could reduce productivity.
4 – Airport South	No effects.	Within the Chico BCM Preserve.	<b>Protected.</b>
5 - Cohasset	No effects.	Within the existing CDFW Stone Ridge Preserve.	<b>Protected.</b>
6 - Cohasset	Has or will be extirpated under separate ESA/CESA authorizations.	None	Assumed <b>extirpated</b> . Removed and replaced with permanent road widening of Cohasset Road.
7 - Diesel	No effects.	Within the Chico BCM Preserve.	<b>Protected.</b>
8 - Rancho Arroyo	No effects.	Within the Chico BCM Preserve.	<b>Protected.</b>
9 – Stilson Canyon	Potential small indirect effect.	Within the Chico BCM Preserve.	<b>Protected</b> except for a small isolated portion at northwest corner of occurrence.
10 – Stilson Canyon	Potential small indirect effect.	Within the Chico BCM Preserve.	<b>Protected.</b>
11 – North Enloe	No effects.	Within the Meriam Park Preserve.	<b>Protected.</b>
12 - Creekside	Will be removed by planned development.	None	<b>Removed</b> and replaced with permanent development.
13 - North Enloe	Has or will be extirpated under existing ESA/CESA authorizations.	None.	Assumed <b>extirpated</b> . Removed and replaced with permanent development.
14 – Doe Mill Preserve	No effects.	Within the Doe Mill Preserve.	<b>Protected.</b>
15 – Schmidbauer SE	No effects.	Within the Chico BCM Preserve.	<b>Protected.</b>
16 – Schmidbauer W	No effects.	Within the Chico BCM Preserve.	<b>Protected.</b>
17 - Schmidbauer	Potential small indirect effect.	Within the Chico BCM Preserve.	<b>Protected.</b>

**Table 5-22. Butte County Meadowfoam Conservation Outcomes by Occurrence  
(continued)**

<b>Occurrence</b>	<b>Impacts Summary</b>	<b>Conservation</b>	<b>Outcome with BRCP</b>
18 – CNDDDB 51	Direct removal from permanent development.	None.	<b>Removed</b> and replaced with permanent development.
19 – Farm Credit	NA (extirpated). If any plants remain at southwest edge, they will be permanently removed.	NA (extirpated).	NA ( <b>extirpated</b> ).
20 – CNDDDB 13	No effects.	To be protected by acquisition of conservation lands.	<b>Protected.</b>
21 – CNDDDB 41	No effects.	To be protected by acquisition of conservation lands.	<b>Protected.</b>
22 – Section 21	Potential indirect effects to a relatively small portion at the southern edge of the occurrence.	To be avoided. Southern portion of the occurrence that is within the footprint of planned future development will be avoided (see Figure 5-44b).	<b>Avoided (Should be protected as part of project approval).</b>
23 – CNDDDB 53	No effects.	Within the Chico BCM Preserve.	<b>Protected.</b>
24 – CNDDDB 52	No effects.	Within the Chico BCM Preserve.	<b>Protected.</b>
25 - Wurlitizer	No effects.	To be avoided. Within the Tuscan Preserve.	<b>Avoided (Existing Protected).</b>
26 – Dove Ridge	No effects.	Within the Dove Ridge Preserve.	<b>Protected.</b>
27 – HWY 149 North	No effects.	Some currently protected and the additional area will be protected by acquisition of conservation lands.	<b>Protected.</b>
28 – HWY 149 South	No effects.	Majority will be protected by acquisition of conservation lands.	<b>Protected.</b>
29 – CNDDDB 5	NA (extirpated).	NA (extirpated).	
30 – CNDDDB 5	No effects.	Within the Dove Ridge Preserve.	<b>Protected.</b>
31 – CNDDDB 6	NA (extirpated).	NA (extirpated).	NA ( <b>extirpated</b> ).
32 – CNDDDB 31	Will be almost entirely removed by planned widening of HWY 99.	None.	The majority of the area of the occurrence will be <b>removed</b> and replaced with permanent development.
33 – Table Mountain	No effects.	The majority is within CDFW’s North Table Mountain Ecological Reserve and the remainder will be protected under the BRCP.	<b>Protected.</b>
